Steward. The New Health Care.™

Saint Anne's Hospital Regional Cancer Center

is part of Saint Anne's Hospital, a member of Steward Health Care.

Founded in 1976 at Saint Anne's Hospital, our cancer care program provides the expertise of university cancer centers with the care and convenience of a community setting to patients in the Greater Fall River-Greater New Bedford area.

Cancer care services include:

- Advanced external radiation therapy and brachytherapy, including stereotactic radiosurgery; stereotactic body radiation therapy; and high-dose rate, intensity-modulated, and image-guided radiation therapies
- Hematology, chemotherapy, biotherapy, and other medical oncology therapies
- Access to select national clinical trials through the National Cancer Institute and Dana-Farber/Brigham and Women's CancerCare
- Specialized nutrition, social work, spiritual care, medical interpreter, and other supportive care
- Hospice and palliative care
- Patient and family education and support programs
- Free health screening and related wellness activitie
- Community and professional education

The Saint Anne's Hospital Regional Cancer Center is staffed by hematology/medical oncology specialists and radiation oncologists; patient navigator; oncology-certified nurses; radiation therapists; medical physicists; social workers; dietitians; chaplains; outreach specialists; medical interpreters; and support staff. The program is nationally accredited by the Commission on Cancer of the American College of Surgeons as a comprehensive community cancer program and unconditionally accredited in radiation oncology by the American College of Radiology and The American Society for Radiation Oncology.

Saint Anne's Hospital Regional Cancer Center locations include:

- Hudner Oncology Center at Saint Anne's Hospital, Fall River, MA: Comprehensive medical oncology/hematology, radiation oncology, and related professional and support services.
- Saint Anne's Hospital Regional Cancer Center-Hawthorn Oncology Center, Dartmouth MA: Comprehensive medical oncology/hematology, radiation oncology, and related professional and support services.
- Newport, RI: Radiation oncology consultation and follow-up services.

Medical oncology/hematology services are provided by experienced hematology/medical oncology specialists. Radiation oncology services are provided by physicians from Brigham and Women's Radiation Oncology, who also hold appointments at the Dana-Farber Cancer Institute and Harvard Medical School.
